Where can I find participating dentists?

Which dentists are considered participating for our dental members?

Equitable does not contract directly with dentists. We lease networks from several network partners.

****Please reference the following network names when confirming in-network participation****

Careington

Dentemax

PPO USA Connection Dental Network (GEHA)

Maverest

Total Dental Administrators

HealthSmart

The in-network dentists we offer our members are participating with at least one of these partners.

What if my dentist is not listed in the Equitable directory?

You can choose from either in- or out-of-network providers. If you visit a dental provider within our network, you:

- Receive an average of one-third off the price of dental services, so you can pay less and stretch your annual maximums.
- Only pay their deductible and coinsurance based on our in-network discounted fee for each procedure – no balance billing up to the provider's charge.
- Receive quality care by dentists who are continually monitored by state and specialty boards.
- Save time and hassle because the dentist takes care of all the claim paperwork.
